PROFESSIONAL EXPERIENCE

Investment Banking Intern - Resurgent India (Category I Merchant Banker), Gurugram

Jun. 2025 - Aug. 2025

- Built and maintained a live **Deal Tracker** covering **200+ Indian funding rounds** and **150+ funds**, mapping sector focus, investment stage, and portfolio fit using Tracxn to show where each mandate had the strongest investor fit.
- Benchmarked **valuation multiples and competitive positioning across 15+ companies** spanning fintech, renewable energy, B2B marketplaces, healthcare, and consumer goods by running **structured peer comparisons** that fed into Resurgent's deal-pipeline research.
- Researched and wrote **detailed investment profiles for 15+ firms**, synthesising business model, sector dynamics, and financial position into a standard format the deal team used to screen opportunities.
- Expanded coverage by **identifying and profiling 100+ additional investors** through targeted cold email and cold-call outreach, converting unstructured primary conversations into reusable structured coverage.

POSITIONS OF RESPONSIBILITY

Vice President - Student Council, Shiv Nadar University

Sept. 2026 - Present

- Leading the comprehensive reconstitution of the Student Council Constitution**, restructuring governance, roles, committees, elections, and accountability mechanisms.
- Developing institutional policy frameworks** to formalise Council operations, student representation, and governance processes.
- Presiding over the Senate and coordinating 9+ committees**, working with university leadership on student and institutional reforms.

Secretary Of Senate - Student Council, Shiv Nadar University

Mar. 2026 - Sept. 2026

- Co-head Senate's cross-committee coordination across **6+ committees** and maintain official records and **resolutions across 10 to 20 Senate and Executive Cabinet meetings**, ensuring timely dissemination of reports to stakeholders and students.
- Strengthened accountability by **establishing an Executive Cabinet Work Log** and a recurring manifesto review that made delivery against commitments trackable and auditable rather than self-reported.

Secretary of Treasury - Student Council, Shiv Nadar University

Mar. 2025 - Mar. 2026

- Managed **200+ budget approvals and reimbursements for 58 clubs and societies** (INR 20–25L total allocation), resolving 100+ fee-related issues through coordination with university administration.
- Co-authored institutional financial governance policies** covering treasury handover protocols, audit procedures, and fee-waiver reforms, compiled into a Treasury Policy Compendium to standardise financial accountability for future Treasury cohorts.

RESEARCH, ANALYTICS & CASE PROJECTS

Matiks Linked - Product Case Competition (Case round - top 3.3% of 9,172 registrants, 2026 - <https://lnkd.in/p/g7uMvx6B>)

- Built the case hypothesis on a **hand-assembled dataset of 947 scraped app-store reviews and 130 community messages**, structured into a diagnosis of user drop-off and reframed the brief from "which feature next" to "nothing a match produces compounds."
- Delivered a **24-slide deck** with user journey, competitor analysis, **50 player k-factor gate that had to be cleared before any expense**.

Cross-Sector Market Tracker & Equity Research Notes (Independent Project - <https://lnkd.in/p/geyTbaSv>)

- Built and maintained an **automated weekly market tracker and newsletter** monitoring news across sectors and drawing week-over-week insights, with a **source-tier check** that rejects unverified claims and flags discrepancies rather than picking a number.
- Extended it into a research terminal pulling company, peer, insider-transaction, and news data via the **FMP market-data API** and web sources into **standardised nine-section research notes** across semiconductors, medical devices, and specialty retail.

NourishRx - Capstone Project (Course: Entrepreneurial Finance, Shiv Nadar University - <https://nizq11.github.io/NourishRx/>)

- Structured an INR 16L SAFE Note seed raise at an INR 1.5 Cr valuation cap and built a **3-year financial model** projecting an **11.9x LTV/CAC ratio, 49.8% gross margin, and Year 2 break-even**, then pitched to faculty investors using a 12-slide deck.

Equity Factor Model Engine - Fama French 3 Factor (Independent Project - <https://github.com/Auslxxx/factor-analytics-terminal.git>)

- Constructed **Fama-French SMB and HML factors** from size/value corner portfolios, ran factor regressions with **Newey-West (HAC) standard errors**, and layered EWMA volatility, rolling-beta tracking and a **bias-diagnostics module** (survivorship, look-ahead, sample attrition) into a cached **Streamlit dashboard in Python**.

AWARDS & ACHIEVEMENTS

- Student of the Year 2026 - All-Round Achievement (Apr. 2026)** - Awarded by the Chancellor and Vice Chancellor on SNU Day for academic excellence, university representation, and contributions to student life.
- Dean's List Awardee (Spring 2025 & Monsoon 2025)** - Ranked in the top 10% of the program, with an SGPA of 9.32 and 8.96.
